

# Leona F. Brown

## Summer in the City Workshops 2009

Workshops are 3 days in duration, held at several scenic locations in and around Winnipeg.

Each class will start at 10 am and we will paint until 1:00 pm

**The fee for each 3-day class is \$120, plus 5% GST (\$6.00).**

**If inclement weather the classes will be held at the studio 611-70 Arthur Street (229-1447)**

### July 7, 8, 9 Creeeeeeks!!!

**Oman's Creek**, in the Wolseley area is a favorite place to meditate and listen to the sounds of the babbling brook. Here we will paint the colour of the water, reeds and grassy banks.

**Bunns Creek**, in North Kildonan, has a charm all its own. Situated along a foot path, this creek meanders quietly along. We will talk about perspective and how we can get the creek to lay flat and to capture the wandering waterway.

**Springfield Road arched bridge** seen from Lagimodiere Blvd is a grand place to see reflections of the old bridge. You can smell the wide open spaces and admire the curves of the hills and see the bull rushes and ducks swimming in the water.

### July 21, 22, 23 Flowers: "How to Paint the Beauty of Flowers"

**The English Garden** in Assiniboine Park is a must to paint the profusion of colour. We will learn how not to be over whelmed by all the plants and how to focus on a theme.

**Over grown gardens at St. Norbert ruins**: This reminds me of the "Secret Garden". It is a place that is over looked and mysterious. Hidden in it also is a small pond with water plants and hundreds of dragonflies.

**Captain Kennedy Gardens**. Situated in the historical grounds of Captain Kennedy's home along the Red River, these gardens hang on the side of an escarpment. Here we will focus on using different greens to capture the highlights of sunshine falling on the lawns and flowers. Afterwards we can enjoy a lunch on the veranda of the restaurant.

### August 11, 12, 13 "NUDES: Take your time, they won't move"

**Leo Mol Sculpture Garden** Three days painting at the sculpture gardens. One of the days will focus on just painting the **shadows** in wild and wacky colours. Another day will feature **abstracting** the sculptures and how to do an abstraction. The third day we will use **gesso on canvas** to create interesting textures of the sculptures and surrounding gardens.

### August 18, 19, 20 "Pen & Ink Sketching"

**The Zoo**: Learn to sketch quickly using animals as our subjects. Wander the zoo capturing the lazy lions or the active monkeys. Using your sketch book and black pens, we will focus on the gestures of the animals in their homes.

**The Forks Market**: Here we will be sketching the food vendors inside the terminal. Paint will be added near the end of the sketch to capture the brilliance of the fruits and vegetables. We can also pop into the Gallery **PUNCH** in the Johnson Terminal to see the watercolours being sold there.

**St. Boniface Basilica**: Pen and Ink is a perfect medium to capture the history of the old and new basilica as well as the gravestones. Here I will focus also on how to achieve the different textures of wood and stone.

# Registration Form

July 7, 8, 9 10:00 am - 1:00 pm daily

**Tuesday** Oman's Creek  
**Wednesday** Bunns Creek  
**Thursday** Springfield near Lagimodiere
