Quinacridone
Deep Gold
15ml tube

Transparency and intensity are the hallmarks of Daniel Smith's renowned Quinacridone colors. Quinacridone Deep Gold is more orange than Quinacridone Gold, and more yellow than Quinacridone Burnt Orange. It's an incredibly ruddy golden-orange, a vibrant and exciting alternative to Burnt Sienna.

- **Lightfastness:** Excellent
- **Staining:** Low
- **Granulating:** No
- **Transparency:** Transparent
